

LC63

Smart Slim ATM

Sleek design & Small footprint

- Slim size (17.72"x27.64"x57.68") with maximized multiple integrated functions
- Optimized space efficiency
- Diverse choice of models and options based on customers' needs
- Safety and Security maximized design
- High-gloss flat display
- Silver and Pearl black high-gloss

High-performance cash recycling module

- Guaranteed secure transaction
- Simplified Modularization/Mechanism
- Easy maintenance

Enhanced User convenience

- Gathered function keys
- Enhanced user security
- PIN disclosure prevention
- Side security shield

Tight security

- Physical security
- S/W security

Specification

Specifications
